Our Vision

Our vision is for safe communities where there are no preventable deaths or injuries from fire or other emergencies. Put simply, this means we will strive to reduce risk and save lives.

To succeed in this, we need to achieve **community safety** and **operational excellence** in the most cost-effective way, putting **people** at the centre of everything we do.

| I am welcoming and inclusive. | I treat everyone with dignity and respect. | I always act with integrity and am accountable for my behaviour, actions and words. |
| I consider and support my colleagues' wellbeing. | I embrace diversity and difference. | I communicate clearly and listen attentively. |
| I appropriately address language and behaviours that are not in line with our values. | I am mindful of my impact on others. | I am open and receptive to feedback. |

We are committed to creating a workplace where everyone feels welcome, respected and are treated with dignity. We recognise that the work involved in improving culture is a continuous journey, however the results from our 2022 employee engagement survey confirmed our belief that CFRS has a good culture.

We know we cannot be complacent though; the HMICFRS Culture Spotlight report and other events in the media show us that it is essential this continues to be a priority.

We use engagement and culture surveys, commissioned with external organisations to ensure it is unbiased, to help us understand how our people feel about working for the Service. We measure our culture through these surveys and other listening channels and metrics.

Our recent survey showed that we had improved employee engagement and that colleagues were proud to work for CFRS. It also showed us further areas that we could improve on, for example improving our system for recording training, facilitating more opportunities for colleagues across different areas of the Service to engage with each other and showing greater transparency with recruitment processes.

We will look at these, along with the recommendations from HMICFRS and NFCC, to continue to maintain and improve our positive and inclusive organisational culture - which are all essential elements of the Area Commanders role.
