

**CAMBRIDGESHIRE
FIRE & RESCUE SERVICE**

MAKE A DIFFERENCE. BE THE DIFFERENCE.

**PROJECT MANAGER
TWO YEAR FIXED TERM**

**PREVENT
PROTECT
RESPOND**

A message from our **Chief Fire Officer**

Thank you for considering a role with Cambridgeshire Fire and Rescue Service.

At CFRS, our purpose is simple and meaningful: to protect, prevent, and respond. Whether you're working on the frontline or in a professional support role, this shared mission connects every member of our team. It's what drives us to keep communities safe, reduce risk, and be there when it matters most.

Being part of CFRS, regardless of the role you play, is more than responding to emergencies. It's about making a difference every day, being part of something bigger and contributing to a Service that people trust and value.

We're proud of the culture we've built. In our most recent engagement survey, 88% of our people said they're proud to work for CFRS, and 84% agreed that everyone is welcome. Our teams describe the organisation as welcoming, supportive, and inclusive and we work hard to make that a reality, every day, for everyone.

People join CFRS for different reasons - whether it's a desire to help others, give back to the community, develop new skills, or be part of a close-knit team. Whatever your motivation, you'll find a place here where your contribution matters and where you're supported to grow and thrive.

If you share our commitment to protecting people, preventing harm, and responding with care and professionalism, we'd be proud to have you as part of our team.

Chief Fire Officer

Our values

Being part of CFRS means joining a team that cares - about the work we do, the people we serve, and each other.

Our Service Values of Welcoming, Respectful and Professional are not just words. They shape how we treat one another, how we serve our communities, and how we carry out our work each day.

We welcome difference, treat people with respect, and take pride in doing things properly. Whether you're responding to an emergency, delivering fire prevention advice, or supporting others behind the scenes, these values guide how we protect people, prevent harm, and respond when it matters most.

If our values connect with you and you're looking for a career where your contribution matters, you'll thrive in a role that's built on trust, respect, and purpose.

Values and Behaviours

 Welcoming	 Respectful	 Professional
I am welcoming and inclusive.	I treat everyone with dignity and respect.	I always act with integrity and am accountable for my behaviour, actions and words.
I consider and support my colleagues' wellbeing.	I embrace diversity and difference.	I communicate clearly and listen attentively.
I appropriately address language and behaviours that are not in line with our values.	I am mindful of my impact on others.	I am open and receptive to feedback.

What we do

At CFRS, our purpose is clear and powerful: to protect people, prevent harm and respond when we're needed most. It's more than a saying - it shapes everything we do.

- Protect – We work with our communities to identify and reduce risks, safeguard vulnerable people, and support resilience across homes, businesses, and public spaces.
- Prevent – Through education and outreach, we aim to stop incidents before they happen - from fire safety visits to road safety campaigns and community engagement.
- Respond – When emergencies do happen, we act swiftly and professionally - whether it's fires, road traffic collisions, floods, or other incidents.

This purpose unites everyone at CFRS - from firefighters on the frontline to those behind the scenes. No matter your role, you'll be helping to deliver a trusted public service that saves lives, reduces harm, and supports our communities to thrive.

Prevent

We're always available to respond if there's an emergency, but our work focuses on stopping fires from happening in the first place. Our community safety work is a priority and we help those most at risk of a fire in the home.

Protect

It's not just in the home where fire safety is important. All non-domestic premises by law must have fire risk assessments carried out by the owners or a responsible person. This is to ensure that employees and any visitors are as protected as they can be from fire and that they could evacuate safely.

Respond

Our crews of highly trained firefighters are ready to respond when needed - not just to fires, but to a wide range of emergencies. Each year, we attend around 1,500 fires, 400 road traffic collisions, and over 600 other incidents, including flooding, animal rescues, chemical spills, and water rescues.
